### DETAILED ACTION

Receipt is acknowledged of the amendment and terminal disclaimer filed 02/19/2010. An information disclosure statement was filed on 01/27/2010.

The rejection under the judicially created doctrine of obviousness-type double patenting is withdrawn in view of the terminal disclaimer noted above.

The following rejection is cited in view of the recently filed IDS:

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 5-8, 20, 23, and 24 are rejected under 35 U.S.C. 102(b) as being anticipated by WO'02/062335 (WO'335).

WO'335 discloses a stent carrying rapamycin (a hydration inhibitor) and dexamethasone (beneficial agent), (See Abstract, [00061], [000126]). Stents are set out at [0009], and polymeric carriers for these devices at [00019]. As such, the limitations of claims are met by the reference.

Claims 9-14, 21 and 22 are objected to as dependent upon a rejected base claim.

### ***Conclusion***

Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on 01/27/2010 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 609.04(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
